Hiring Manager  
National Comedy Center, Inc.  
203 W 2nd St.  
Jamestown, NY 14701

Dear Hiring Manager,

I am writing to express my interest in the *National Comedy Center, Inc. - Information Technology Intern* position. Currently, I am a Senior and pursuing a Bachelor of Science in Information Systems degree at the University of Pittsburgh. During my coursework, I have gained hands-on experience with AI utilization, IT related experience, UXPin Design, Adobe Photoshop, project management, product quality assurance, customer service, information systems business, information security, computer diagnostics & hardware, cloud computing & virtualization, and HTML & CSS. I am excited to learn and gain more experience at *National Comedy Center, Inc.*, while facing possible challenges in the field.

I am extremely excited about the opportunity to work with your team, where I can apply my technical skills while continuing to learn in an amazing environment. I am drawn to *National Comedy Center, Inc.*'s forward-thinking approach, such as its RFID-based LaughBand system and immersive exhibits that make comedy's history engaging and uniquely tailored to each visitor — as well as its recognition by the U.S. Congress as the official cultural institution for the art form. I admire how the Center not only preserves comedic heritage but also educates and connects diverse audiences in creative, meaningful ways.

In addition, given how *National Comedy Center, Inc.* consistently bridged technology, design, and real-world experience to create memorable interactions for major brands, *National Comedy Center, Inc.* has made it stand out to other competitors. I want to work on projects that challenge me to learn new knowledge and enhance my technical skills.

Thank you for considering my application, and I would appreciate the opportunity to discuss how my background and skills can contribute to your team. I look forward to hearing from you.

Sincerely,  
Shi Hao Guo
